

Journeyman Powerline Technician

GrandBridge Energy Inc., formed in May 2022 as the result of the merger of the former Brantford Power Inc. and Energy+ Inc., is the seventh largest municipally owned electricity distributor in Ontario. GrandBridge Energy delivers safe and reliable electricity to 109,000 customers in the City of Brantford, the City of Cambridge, the County of Brant and the Township of North Dumfries. The team provides safe and reliable energy solutions that are strengthened by an unwavering commitment to service excellence.

GrandBridge Energy is looking for a qualified Journeyman Powerline Technician to join our Cambridge Operations Team. The candidate must be proficient with the construction of overhead and underground electrical distribution systems. Technical knowledge on the operation of the electrical distribution system, as well as electrical equipment and mapping is required. You are experienced in the troubleshooting and repair of the electrical distribution system and can apply all aspects of the Electrical Utility Safety Rules, Book 7 Traffic Manual and relevant aspects of the Company Health and Safety program to all work. An excellent attendance record and the ability to continually demonstrate safe working habits and mechanical aptitude is required. You will be required to perform regular stand-by duties and assist with emergency callouts as required. You must be a self-starter with an ability to work effectively in a team environment and follow instructions from supervisors and peers. You will also be organized and demonstrate an ability to focus with attention to detail. You are expected to be competent with all aspects of the loading and operating requirements for digger and aerial device trucks, as well as associated rigging techniques. You must be able to work in a physically demanding environment that includes heavy lifting, stretching and pulling, climbing, working at heights and extreme weather conditions. The ability to be proficient in an evolving computer environment and associated software programs is an asset.

You must possess a Powerline Certificate of Qualification with Journeyman status. Interprovincial Red Seal certification is considered an asset. We require a valid driver's record in good standing, with a DZ or Restricted AZ licence. The successful candidate must be able to respond to our service center within 30 minutes to meet on call requirements of the position.

Employment is contingent upon your provision of proof of being fully vaccinated against COVID-19. If you are unable to be vaccinated due to medical reasons or based on creed, we would ask that you kindly provide satisfactory evidence in support of an accommodation under the Human Rights Code

We offer an excellent working environment, career path exploration and development opportunities, a comprehensive total rewards package, and opportunities to get involved with teams and charitable events that support and make a difference in our community. To become a member of our team, please forward your resume by **May 19, 2022** to careers@grandbridgeenergy.com. When applying for the position, please quote "**Journeyman Powerline Technician**" in the subject line.
