

## Meter Technician (Journey person preferred)

*GrandBridge Energy Inc., formed in May 2022 as the result of the merger of the former Brantford Power Inc. and Energy+ Inc., is the seventh largest municipally owned electricity distributor in Ontario. GrandBridge Energy delivers safe and reliable electricity to 109,000 customers in the City of Brantford, the City of Cambridge, the County of Brant and the Township of North Dumfries. The team provides safe and reliable energy solutions that are strengthened by an unwavering commitment to service excellence.*

GrandBridge Energy is looking for a Meter Technician (Journey person preferred) to join our team. Reporting to the Manager, Metering & Distributed Energy Resources, you will install and maintain all single-phase metering, poly-phase metering and automated meter reading equipment and systems to applicable standards. This will include performing meter changes to ensure compliance with Measurement Canada's required annual meter reverification. This will entail preparing job plans for projects to facilitate meter maintenance on various metering systems, troubleshooting problems with meter systems, AMI Network communication, modem/communication equipment and telephone lines as they occur, maintaining and programming electronic metering hardware and software, as well as organizing meters being re-verified by accredited meter testing shops. You will also check meter and metering equipment inventory quantities, relay information to the Metering Sub-foreperson, and maintain accurate manual and computerized records.

With a diploma from a college Engineering Technology (Electrical or Electronic) program or equivalent experience, you bring strong computer skills with related software applications and networking, an understanding of wireless communications, and concise written and verbal communication skills. You have a thorough knowledge of the specifications and safe work practices in the E&USA Rule Book, ESA Regulation and OH&SA. Experience in all aspects of Utility metering systems construction and maintenance is an asset. You must hold a valid class G Ontario driver's licence and be able to perform the essential duties of the position which include being physically able to handle heavy metering equipment, working in both indoor and outside environments, and proficiency with hand and power tools in the construction of metering installations. Electrician's licence would be considered an asset. Preference will be given to Journey person candidates with their MEARIE Metering Technician Certificate, or those working towards their certificate in an apprenticeship position.

Employment is contingent upon your provision of proof of being fully vaccinated against COVID-19. If you are unable to be vaccinated due to medical reasons or based on creed, we would ask that you kindly provide satisfactory evidence in support of an accommodation under the Human Rights Code.

We offer an excellent working environment, career path exploration and development opportunities, a comprehensive total rewards package, and opportunities to get involved with teams and charitable events that support and make a difference in our community. To become a member of our team, please forward your resume by **August 19, 2022** to [careers@grandbridgeenergy.com](mailto:careers@grandbridgeenergy.com). When applying for the position, please quote "**Meter Technician**" in the subject line.
